Summary

Frontend Developer skilled in React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, and shadcn/ui, with experience building responsive, user-friendly, and high-performance web applications. Passionate about creating clean, reusable components and seamless user experiences while contributing to fast-paced and collaborative development teams.

Technical Skills

Languages: JavaScript (ES6+), TypeScript

Markup & Styling: HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap, Sass, shadcn/ui, Redux, Zustand, Framer Motion

Tools: Git, GitHub, Figma, VS Code, Netlify, Vercel

Experience

Frontend Developer Intern

Aug 2026 – Sept 2026

Digital Bhem

Remote

- Developed modern **SaaS** product interfaces using **React.js**, **TypeScript**, **Next.js**, **Tailwind CSS**, and **shadcn/ui**, focusing on scalable and responsive **frontend architecture**.
- Built reusable **dashboard components**, **navigation layouts**, **forms**, data-driven UI sections, and interactive workflows using **shadcn/ui** and **Tailwind CSS**.
- Translated product requirements and design concepts into **responsive**, **accessible**, and consistent UI experiences, while improving **component reusability** and frontend maintainability.

Trainee

Jan 2025 – Mar 2025

Wipro

Remote

- Developed responsive and interactive **React.js** applications using **Tailwind CSS**, converting functional requirements into clean and maintainable frontend interfaces.
- Built and integrated **reusable React components**, **responsive layouts**, and interactive UI elements while following **frontend architecture** principles for maintainable applications.
- Enhanced frontend functionality through **UI implementation**, **component debugging**, and **performance-focused improvements**, ensuring reliable and user-friendly application experiences.
- Used **Git/GitHub** for version control and resolved **UI-related issues** through frontend testing and improvements.

Projects

FitNexy | React.js, JavaScript, Tailwind CSS

[GitHub](#) | [Live](#)

- Designed a smart **workout generation web app** using **ReactJS** & **TailwindCSS** for personalized **training plans**.
- Created a **rule-based algorithm** for effective workouts catering to all **experience levels** and environments.
- Utilized **LocalStorage API** to store and persist **user workouts**.

FileFlex | React.js, TypeScript, JavaScript, Bootstrap

[Live](#)

- Built a responsive file conversion web application using **React.js**, **TypeScript**, and **Bootstrap**, supporting image, audio, and video conversion with an intuitive **drag-and-drop interface**.
- Designed **reusable React components** and responsive UI elements for **file selection**, **conversion workflows**, and **download handling** across desktop and mobile devices.

HabitGrid | React.js, TypeScript, JavaScript, Tailwind CSS

[GitHub](#) | [Live](#)

- Developed a responsive **habit tracking application** using **React.js**, **TypeScript**, and **Tailwind CSS** with an intuitive **interactive UI**.
- Implemented **habit management**, **weekly progress tracking**, and **reusable React components**, focusing on **state management** and **responsive design**.

CS Mentor | JavaScript, Tailwind CSS, HTML5

[GitHub](#) | [Live](#)

- Designed and developed a responsive **tuition website** for my own **Computer Science classes** using **HTML5**, **Tailwind CSS**, and **JavaScript**, showcasing courses, services, student reviews, and career guidance.

Education

Master of Computer Application

Graduated: 2025

Dr. B.C. Roy Engineering College

CGPA: 7.47 / 10

Bachelor of Computer Application

Graduated: 2023

Dr. B.C. Roy Engineering College

CGPA: 8.54 / 10
